It is further resolved that the scrutiny of remaining applications demand further examination about the eligibility criterion. Therefore these cases will be finalised at a later date.

It is also resolved that the list of admissions be placed before the general body for its information as well as ratification.

Subject 2: To consider the ways and means of meeting expenditure to be incurred by the society in its day to day administration.

Resolution 2: The statutory provisions of A P MACs Act 1995 mandates that the society shall not incur loss in any accounting year. The initial organisational problems may eventually lead to sustaining losses. To overcome this difficulty it is resolved to collect an amount of Rs 1890 from each eligible member for the time being.

These collections are made in one lumpsum from each member and this amount is not particularly meant for spending in any particular accounting year alone. It is also resolved to capitalize these collections under the caption Contingency Fund and whenever the earnings fall short of the expenditure in any accounting year, the differential amount of such expenditure is to be debited against the capital account over the years.
